CHECK HIGH SCHOOL

Fourteenth Edition

Climbing... For Higher Goals

"Still climbing after knowledge infinite, and always moving as the restless spheres."

We, the Senior Class of 1959, have endeavored to prepare for your pleasure and enjoyment the fourteenth edition of the CHECKITE. It reflects the pleasant memories of work and play. As time passes some memories will grow dim, but here is a tangible record of the 1958-1959 school year.

The CHECKITE is a visible symbol of the hopes, aspirations, joys and ambitions built up and experienced by you during your years in high school. We hope this book will serve for many years to arouse pleasant memories of your life at Check.

We look back, as eighth grade students, and recall how far away we thought our graduation from high school would be. But we have climbed step by step up the stairs of high school until now we have reached that plateau where we will be choosing higher steps of education, or entering the world of work.

May you cherish the memoirs which follow as those never to be forgotten.

Fondest Memories Will Return To Here

Elementary Building

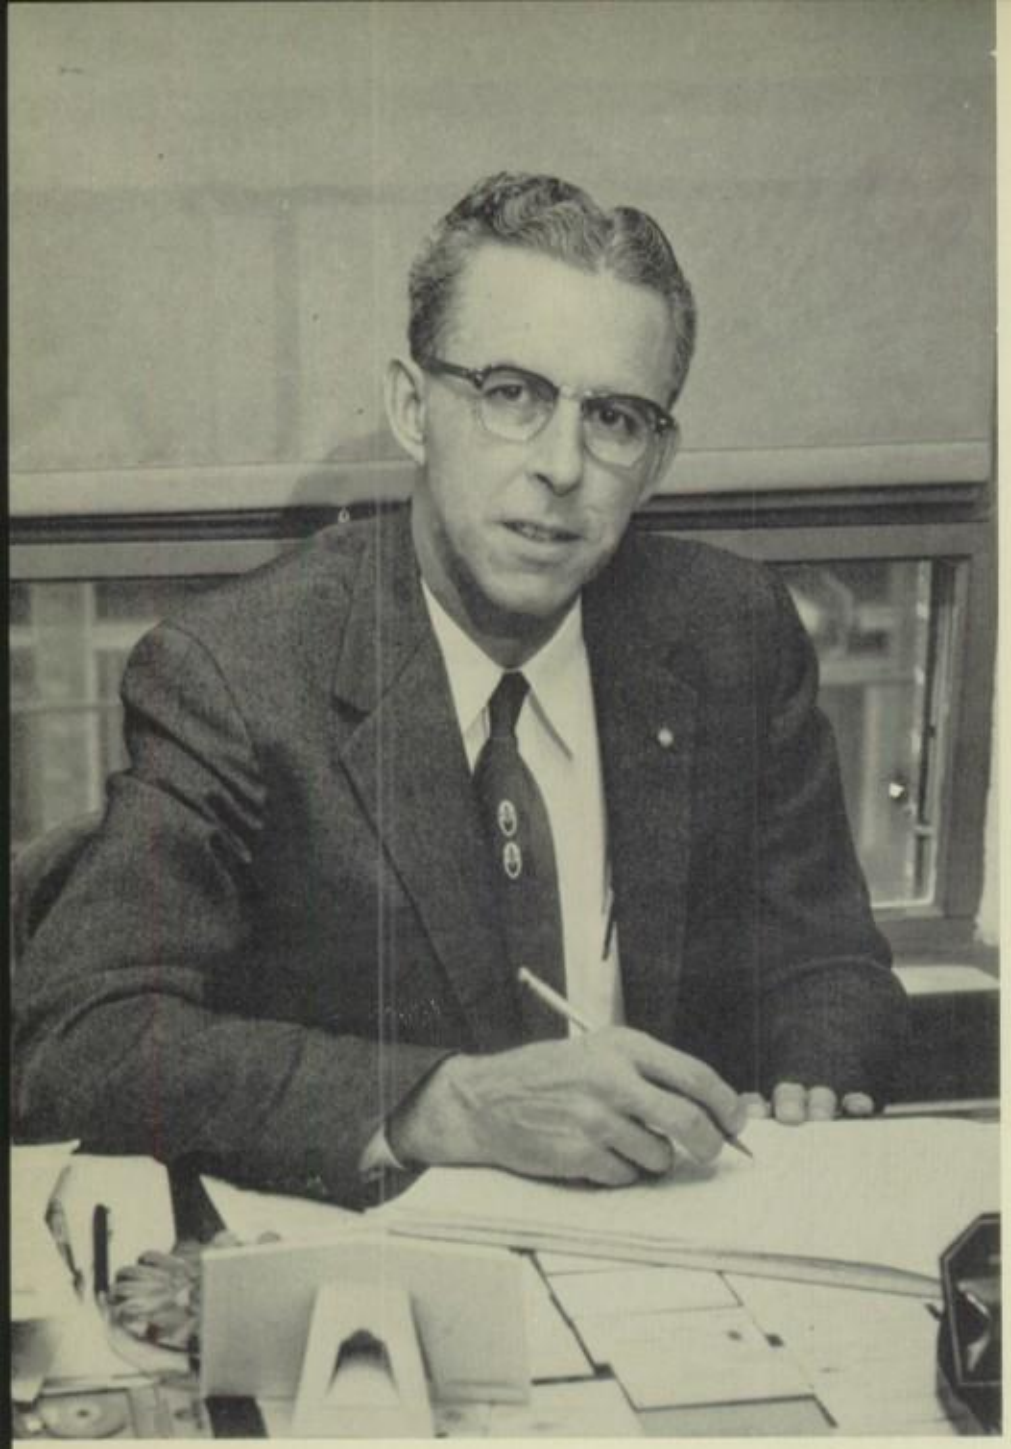
Dedication

We, the Seniors of 1959 wish to express our gratitude to two who have contributed untiring efforts and encouragement in urging us onward toward higher goals.

Your sincere interest, patience, and understanding has served to inspire not only us but the entire student body.

So it is with deep gratitude, honor and respect that we dedicate this fourteenth edition of the CHECKITE to Mr. and Mrs. Allen K. Thomas.

Fondest memories of you will always linger in our hearts.



MR. JAMES H. COMBS
Superintendent

"No greater reward can come to a school and its faculty than that the graduates of that school become worthwhile citizens of the community, state, and nation. To that end must you--seniors and undergraduates--direct your energies! Then when you have found your position in community life, may you regard your high school as an institution which gave you help and encouragement along the way. May this book, prepared with such diligence by the staff and sponsors, afford you endless pleasure and serve to keep alive priceless memories."

Administration

MR. ALLEN K. THOMAS
Principal

"It is my sincere desire that this 1959 edition of the "CHECKITE" will through the years help you to recall many cherished memories.

The Sponsors and staff have labored faithfully to record on these pages experiences and activities that will always be a delight to those who pause and spend awhile in reminiscence of their school days spent at Check.

My best wishes for happiness to all of you here represented, and especially to the seniors who will graduate this year."

We, the senior class, are at a point of finishing and commencing. On Commencement Day we finish a portion of our life at Check High School and commence the other with ambition and regret.

For the preceeding four years we have been a part of Check High and have helped her through her difficulties. We have not only gained knowledge from our textbooks but through our relationships with our principal, teachers, and other students. We now know the words that puzzled us as freshmen such as "dependability", "responsibility", and "leadership."

Our many experiences have been unforgettable and happy . . . socials, proms, junior and senior plays . . . among many others.

We will not leave Check High behind us-for it is a part of our very lives. We will carry with us a great respect for our school, faculty, and friends that we leave behind.

Class History

In the year of 1955, while in the process of learning new and old ideas, fifty-three eager eighth graders appeared at Check High School. Although shy, we were guided over the rough places by two wonderful sponsors, Mrs. Golda Conner and Mrs. Iris Aldridge.

After getting off to a good start, it seemed a very short time before we were choosing our subjects for the next year.

As we approached the first big step to progress in 1956, our forty-nine students put great faith in the help of their sponsors, Mr. Curtis Conner and Miss Alice Hylton.

Some of our members served on the basketball team. Others took active parts in the various school activities.

With a class consisting of forty-four members we accomplished our second goal in 1957, with the help of our sponsor, Mrs. Jaqueline Blackwell.

As we faced our third step in 1958, forty-three members worked hard with their efficient sponsors, Mrs. Susie Vest, and Mrs. Golda Conner.

One of the most outstanding events in our junior year was the day when we received our class rings.

After Christmas we started to work on our Junior Play, "A' Fuedin' Over Yonder", which was a success.

Now we have almost reached the top of the long and winding stairs . . . one step to go . . . graduation.

At the beginning of our senior year, which was a full and busy one, we were invited to Floyd for Career Day.

In November, we gave our Senior Play, "Aunt Tillie Goes To Town", which was a success. We attended the football game at Charlottesville; University of Virginia vs University of Maryland.

In the Spring we had our annual senior assembly -- presented the annuals and held a class picnic.

Last, but not least, came the Junior-Senior Prom . . . The Cap and Gown Cermony by the junior class . . . and now the last step . . . Graduation.

Class

Today, August 4, 1980, I, Charles Conner, received in the mail a letter from Nelson Vest. I had not heard from any of my classmates since I started working for Pa Kettle in Hollywood. Nelson and Nancy are still living on earth. Nelson told me about their new home which they had recently built of odds and ends, mostly odds. He also told me that he was a five-star General in the Universe Air Patrol.

He mentioned the fact that the class of 1959 was holding a class reunion on August 34, 1980, at Polecat Hollow at 13:45 P. M. by the light of the silvery sputnik.

As quickly as I could, I mounted my rocket and started for Polecat Hollow. When I arrived everyone had assembled and was gossiping. As I began to mingle through the crowd, the first person I met was Esther Janney and her latest invention, the portable piano. She had studied music at Bridgeriver University and was now a music teacher at Jupiter University. As I left Esther, someone tapped my back. Turning around I saw Opal Shanks and husband Dick Tracy. She told me that she and Mr. Tracy were married recently and were very happy together. Opal's closest neighbors are Mr. and Mrs. Wendell Poff. Wendell is married to Cookie, daughter of Blondie and Dagwood, and has made a new invention which gets people where they are going faster. He owns the one and only jet propelled trailway, and hauls purple people eaters from planet to planet. Through the crowd I saw a slumped figure sitting beside a tree. Going over to inspect, I recognized Richard Wimmer. When I asked his occupation, he said, "A SOPHISTICATED BUM". While I chatted with Richard, he told me that Eugene Hill, Charles Smith, and Jimmy Manning were now singing on the radio with the Chuck Wagon Gang.

Moving on, I saw Mary Willis and David Foster sitting near three small children. They told me they were married and living near Check, Virginia. David is principal at the new high school at Floyd, and Mary Lee is teaching English and government there.

Just as I sat down to eat, someone spoke to me. I turned and saw an elderly grey-haired lady, walking with a cane, coming toward me. Lo and behold! it was Mrs. Susie Vest. With her were three of her grandchildren. Mrs. Vest, as usual, made the crowd merry, and talked of her former years at Check High School. She told me that Mr. and Mrs. Thomas wouldn't be able to attend our reunion because they had retired several years back and had invested in a small space ship and were touring the universe. Mrs. Conner had retired also, and was taking it easy and letting the world go by.

Prophecy

We began to talk about our classmates who couldn't attend the reunion, and we were told that Blanche Agee, Mary Aldridge, and Shirley Hill were living in New York, and working as secretaries.

Susan Allen was writing plays for the MGM Movies and Minnie Janney and Frances Goff were operators of the New Beauty Shop on Fortieth and Plumb.

James and Stanley Clower were operating a restaurant in Christiansburg, known as the CAROL KAYE.

Dale Vest, Fred Conner, Billy Moran, and Mack Harris were serving time for hauling "White Lightning" on Thunder Road.

Ralph Yates, Earl Stump, and Sheldon Vest weren't able to attend because they were in San Francisco. They are known as the world's most famous wrestlers.

Dale Whitlock, a most successful farmer, said Jerry Shaver was doing well as an agriculture teacher, and that Nelson Perdue was employed as a trailer driver, traveling all over the states.

Shelby McNeil and Patty Sutphin were both working as dental assistants in Roanoke, and J. W. Janney was an officer in the Air Force.

After discussing all our classmates, there seemed to be someone missing. Then we knew that it was Artie Hughes because she was always the life of the party. Mrs. Vest informed us that she was a college French professor.

She also said that Nancy Vest received a letter from the former Frances Ferris, now married to Mr. Benton Thomas and that Mrs. Betty Akers, the former Betty West, was a home economics teacher in the new high school.

It was time for our departure, so we all started for home or wherever we were going. As for me, I returned to Pa Kettle's place and began my work again. I am married to Pa Kettle's daughter and am living a miserable life with 17 kids calling me Pa.

Signed,

Charles Conner

Last Will And Testament

We, the Class of 1959, realizing that we are about to go out from this institution of learning in full possession of crammed minds and fondest memories, do make, ordain, publish, and declare this to be our last will and testament.

To our principal, Mr. Allen K. Thomas, we leave our admiration and thanks for the kind assistance he has shown us during the past year.

To our sponsors, Mrs. Kathleen Thomas, Mrs. Golda Conner, and Mrs. Susie Vest, we leave millions of thanks for their untiring help and the best of luck in the future.

To the faculty, we leave our deepest appreciation for the help and guidance which we have received during our four years in high school.

We leave the following bequests to the junior class:

Blanch Agee's nice ways to Connie Foster.
Mary Aldridge's bookkeeping book to Wanda Mitchell.
Susan Allen's quick mind and stupid giggle to Carolyn McDaniel.
James Clower's mischievous ways to Mark Allen.
Stanley Clower's position as president of F.F.A. to William Hancock.
Charles Conner's ability to be seen and not heard to Connie Foster.
Frances Ferris's position as President of the Senior Class to Ellouise Conner.

COMMENCEMENT

Perhaps you have been thinking of this occasion for some time. Graduation is only the beginning of a brighter future. We hope that it is a "commencement" of greater things to come.

In America we enjoy the world's highest standard of living. If we are to continue to enjoy these benefits, we must have better trained men and women. We need more scientists; more trained engineers; and better qualified people in all walks of life. It's your future — use it wisely.
